

## A new illness called **Coronavirus**

There is a new illness called Coronavirus and this is a story about it.

If you get the coronavirus you will get

a new **cough**

and a **high temperature**.

We are all trying to stop coronavirus spreading.

This is what we can do at **Speaking Space** to help.

## Clean hands

Clean hands are really important to stop the coronavirus

This means we will wash our hands at Speaking Space:

when we arrive

before tea break

before lunch

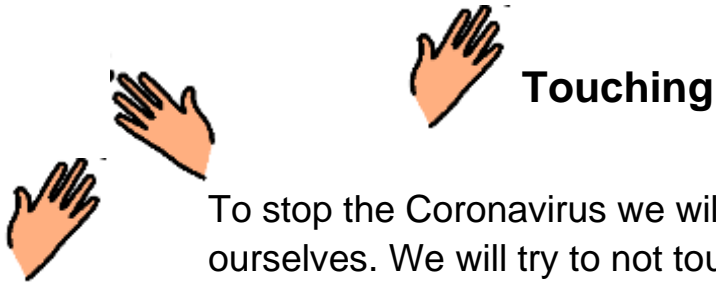

after using the toilet

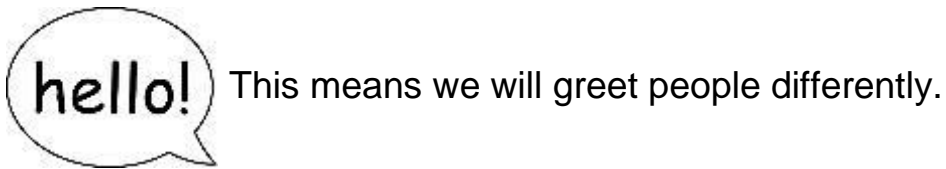

when we leave Speaking Space

If we are unable to wash our hands we may use a hand gel

To stop the Coronavirus we will try to keep our hands to ourselves. We will try to not touch other people.

We could:

## Keeping the building clean

It is also very important to keep our building clean. At Speaking Space the staff will carefully clean the things we touch at the end of every day.

Visitors will be asked to stay by the front door or wash their hands if they need to come into the building.

## Feeling ill

Su M T W  
Th F Sa

It is really important to stay at home for 7 days if any of us feel ill with a cough or a high temperature and 14 days if you live with other people.

We may take your temperature if we think you may be ill. If you are ill you will be sent home.

## Feeling worried

If you are feeling worried, you can talk to the staff at Speaking Space.

We are here to help you.
